Who is M360: Leadership: Scientific Advisory Board: David Turok

David Turok, MD, MPH

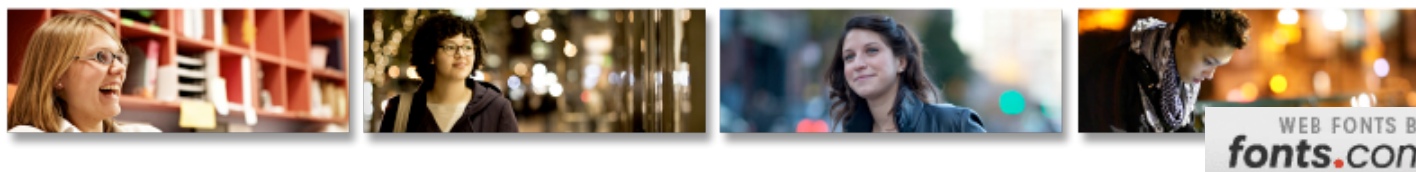

Medicines360 Scientific Advisory Board

Dr. David Turok is an active clinician, educator, and researcher in family planning.

Currently he is an Associate Professor at the University of Utah where he directs the Family Planning Fellowship and the Family Planning Research Group. This multidisciplinary collaboration of contraceptive researchers focuses on increasing access to highly effective methods of contraception.

Dr. Turok is also an Associate Editor for the journal Contraception.

Dr. Turok earned an MD/MPH from Tufts University School of Medicine and is a graduate of the Family Medicine Residency Program at Brown University and the OB/Gyn Residency at the University of Utah.
