TODD RASNER, M.D.

Built upon the strong belief that women should feel empowered to take control of their health, Dr. Rasner is an immense proponent and practitioner of patient education and patient involvement in their own care.

He has been in practice since 1997 and is well experienced in all aspects of Obstetrics and Gynecology including high risk pregnancies, office gynecology and gynecologic surgery including both major surgery, Da Vinci® robotic surgery, and minimally invasive office procedures.

Dr. Rasner has a strong interest in menopause and is a certified physician for [SottoPelle®](#) – a long acting bio-identical hormone pellet insertion system.

He is a fellow of the American College of OB/GYN, a member of the Florida Medical Association and is one of the few doctors in private practice certified by the American Institute of Ultrasound in Medicine.

“

Dr. Rasner has the best bedside manner there is. He listens well and truly cares about his patients. He never made me feel rushed or like I was asking a silly question. He delivered my baby via c-section back in November. It went extremely well!! I recommended him to a friend and she feels the exact same as I do!! Thank you Dr. Rasner for always being attentive, informative, caring, professional, and overall kind! You are passionate about what you do and it shows! The staff is also friendly and welcoming. I recommend SRB to everyone.

— Britania
