Special Interests in addition to general office gynecology care

Vulva disorders

Women's sexual health

Weight management and preventive healthcare

Keeping up with and sharing new developments in women's health!

I think it's important that women take control (and responsibility!) for our personal health care (not just that of our children, spouses and parents) and participate in the ongoing conversation about healthcare in this country. I am happy to share with my patients any information and tools that I find.

Roslyn Kade M.D.

Education/Certification

1973 - Denison University Bachelor of Arts
 1985 - The Ohio State University Medical School
 1987 - University of Cincinnati OB/GYN Residency
