Maternal and Fetal Medicine

Gender: Male **Language:** English

About

Specialties and Expertise

Specialties

- Obstetrics
- Maternal-Fetal Medicine

Expertise

- Fetal Therapy
- Maternal Medicine
- Maternal-Fetal Ultrasound
- Prenatal Diagnosis

Personal Statement

My clinical practice focuses on two main areas: prenatal diagnosis of fetal abnormalities, and consultation in managing complicated pregnancies. Our ultrasound unit has special expertise in first-trimester ultrasound and risk assessment for fetal chromosomal abnormalities, such as Down syndrome. We also offer expert prenatal diagnosis with second-trimester ultrasound. When indicated, I perform Chorion Villus Sampling (CVS) and amniocentesis.
