Re: Change of Medical Directors

Dear Ms. Burke:

I am writing on behalf of American Family Planning regarding our application for a Florida license as an abortion clinic. My understanding is that our application is complete and that there are no deficiencies in our application. However, since submitting our application we have changed Medical Directors. Therefore, we are attaching updated portions of our application and application addendum to reflect this change.

Thank you very much for your kind assistance in processing our application. We are anxious to complete the licensing process. Every day our patients are calling seeking medical care. If there is anything that I or Ms. Pettermon can do to assist you or help you in any way in processing our application, we will be more than happy to help you. If you desire any more information or have any questions, please feel free to call me or e-mail me anytime.

Again, thank you very much for your time and attention to our application.

Respectfully submitted,

Suravi
