**Jet setting for seniors: Ivana Trump and her boyfriend (L) joined Denise Rich, Steve Varsano and Niels Lauenzen at Club 55 in Saint-Tropez yesterday**

With a feast of lobster and champagne, the birthday guestlist was not just a roster of celebrity and wealth - but also had its share of infamy.

Socialite Denise Rich joined the party with her former boyfriend Niels H. Lauenzen, a charismatic and once high-profile fertility specialist in New York who has done jail time for insurance fraud.

Denise Rich, 68, is best known as the ex-wife of disgraced financier Marc Rich, who was pardoned by President Clinton on his last day in office.

**Lobster and champagne: The 63-year-old socialite chose turquoise resort wear for the sumptuous feast, while her boyfriend wore an open-necked striped shirt**

Varsano is the founder of Jet Business, a private top-end jet brokerage that links buyers to planes.

Between them, the lunch guests would no doubt have more than a few juicy war stories to trade.

Ivana opted for her favourite bee-hive hairstyle for the party, wearing a turquoise blouse and completing her look with huge dangling turquoise earrings.

Her date, the same man who has been seen on her arm in recent weeks, wore an open-necked striped shirt and was attentive to Ivana during the meal.

Stories to tell: They may no longer have youth on their side, but this crowd has more than a few juicy life stories between them

Ivana, 63, has become known for her penchant for younger men since the end of her 15-year marriage to real-estate mogul Donald Trump in 1992.

Her fourth and most recent husband, Italian stallion Rossano Rubicondi, was just 36 when he married Ivana, then 60.

And as recently as February this year, she was photographed frolicking in the Caribbean surf with 50-year-old Italian actor Antonio Zequila.

These people aren't real. They aren't even human. When you think about the millions starving to death and these fat disgusting samples of flesh are indulging themselves and putting their spare trillions in offshore accounts so they don't have to pay tax on them. No wonder the wealthy and Royalty are always the first to be targeted when there's a revolution, it's like they're fiddling while Rome burns. Disgraceful to be honest. Sad. This woman could afford the very best in cosmetic surgery but it appears she is not getting good advice.. She was stunning but not anymore. She looks old beyond her years. Her hairstyle is very dated.
