Friday. Gov. Beasley makes visit with Greenwood supporters By SAMANTHA HARRIS Index-  
Journal staff writer GREENWOOD Gov. David Beasley's campaign stops here were met with  
different, but mostly favorable reactions. At Mig's Pizza Castle Friday, members of the local  
Republican Party met to offer their support : in Beasley's bid for re-election "We wanted him to  
get a chance to meet some of the members of the community , and let him know we're behind  
him," said Dan Richardson, president of the Greenwood Republican Party. "We are encouraging  
him to continue to stand on moral values and oppose the lottery and video poker." . Pastors from  
local churches, businessmen, government employees and several bankers were on hand to  
meet the governor, Richardson said. T Ellie Lotts, the 'State Republican Party secretary, was ,  
.there to update the governor on local pro-life efforts.- - 1 "I want to encourage him to take a  
pro-life stance," she said, - Beasley told the group "now is a great time to be living in  
Greenwood." Crime and unemployment rates are down, while economic development and  
schools are improving, he said. Beasley then toured the court-' house, meeting county  
employees. v "I have enjoyed meeting with local leaders," Beasley said, "I : -want to see what we  
can do to make our communities, and especially our schools even better." .; Beasley credited  
state legislators for raising teacher salaries above the Southeast average, increasing the number  
of credits required for graduation, institut- : ing full-day kindergarten and "" ending social  
.promotion. The governor said, with two children in the public school system, amid recent events,  
school safety has is a major concern. ' T support the presence of law enforcement in the schools  
100 percent," he said. Beasley said the budget he will present this session will include the funds  
to put a law enforcement officer in every middle and high school in the state. The LIFE  
Scholarship program was praised by Beasley and his supporters. "The Lander and Piedmont  
Tech students among the 16,000 students receiving the scholarship this year are so excited to be

governor addressed was several South Carolina history classes at Northside Middle School .  
There Beasley fielded questions ranging in topics from his hobbies and age to his views on the  
president and video poker. When asked if he thought Bill Clinton should remain president,  
Beasley said his concern was that the president be truthful first "I think the president needs to  
come clean with the American people," he said."Tfae longer he : waits to come clean, .fee more  
people will be hurt" "We hope the allegations are untrue," he said, ."but it looks real bad." . v. - .  
"Are you gonna ban video poker?" one student asked. "I'm going to try," Beasley said. "I think the  
Supreme Court needs to go ahead and make a final ruling on that so all the chaos over it can  
end." After signing autographs, Beasley told the students to study hard and to vote for the best  
candidate when they're eligible to vote. "I love and hate politics," he said. "Being governor is a  
tremendous opportunity, but you have to watch out for mean and dishonest people who will do  
anything to defeat you." dogs join effort bassy staffers were trying to find out whether they were
