What are Dr. Kelsey's Specialties?

SPECIALTY
Radiology

Radiologists use imaging to gather information about the structure and function of the human body that may be unavailable without surgery. They rely on penetrating radiation, such as X-rays, CT scans, and PET scans to diagnose diseases. They may also employ ultrasound and magnetic resonance imaging (MRI) scans. They also use various forms of radiation to kill cancerous tissues. For doctors who use radiology to treat cancers, see [radiation oncologists](#).

SUBSPECIALTIES
General Radiology
