He has delievered 2 babies via cesesection. I just delivered on the 3rd of Augand he took very good care of me the whole way thru. I had complicated one due to it being my 6th baby and 4th csection. It did everything to insure my safety and babies. Feel blessed to know he was my Dr. Thank you sir.

## Reversed my tubal ligation

Self-verified patient of Dr. Donald W Whitaker - Posted on June 8th, 2018

I have three children already but I got remarried. Unfortunately, I had my tubes tied after my last delivery. My new husband has no children. Dr. Whitaker reversed my tubal ligation thru a small incision in my belly button. I am 5 months pregnant now. My husband and I are so happy. I highly recommend Dr. Whitaker.

## Competent compassionate care

Self-verified patient of Dr. Donald W Whitaker - Posted on June 6th, 2018

Dr. Whitaker was my physician through a complicated high risk pregnancy. He is extremely knowledgeable and provides excellent care to his patients. Because of him, my daughter and I are alive. He delivered my daughter via C-section (my 3rd pregnancy; 1st C-section). He was in total control in the operating room and made me feel very safe and secure.

Dr. Whitaker is an excellent doctor. I appreciate that he takes the time to really talk to me about my concerns. I never feel rushed. And I always get a call with the results of any tests. I'm very glad I chose Dr. Whitaker as my physician and would highly recommend him.

### VERY THOROUGH

Self-verified patient of Dr. Donald W Whitaker - Posted on May 9th, 2018

There is no other patient on this planet that has more needs than me. I suffered from infertility for 10 years! Dr. Donald Whitaker was the only physician that listened to my concerns. He addressed each and every one of my issues and needs. With an outpatient surgical procedure, Dr. Whitaker was able to make my fallopian tubes work. I was pregnant two months later!!! I also have many health problems making me a very high risk pregnancy. Dr. Whitaker treated and monitored each of these problems for the entire pregnancy. I delivered a healthy baby girl who is the love of my life. I am so appreciative of what he did for me!!

### One Star

Self-verified patient of Dr. Donald W Whitaker - Posted on May 4th, 2018

Dr. Donald Whitaker was my OBGYN, up until today apparently. I'm a patient with a lot of needs and Dr. Whitaker was handling them quite well I thought, until I received a letter out of the blue today dropping me as a patient. I am now without any OBGYN in Ft. Walton Beach. I am in need of immediate medical care regarding my pregnancy and he has left me high and dry. His decision to end our doctor-patient relationship could end up costing the life of my child and or my own. His actions are reckless and careless and I have contacted legal counsel for him not following the law. Doctors cannot just drop you without finding you other care, especially when a patient like myself requires monitoring and supervision. It will be at least 30 days before another doctor can see me and the damaging effects of what is going on now is likely to cause a miscarriage or severe harm to me physically. Dr. Whitaker belongs in jail for what he is doing to my family and me. Not only will we take legal action, but I will be filing a complaint with the State for the Department that oversees all the doctor's licensing. He should not be practicing medicine. Do not go see him, unless you're okay with possibly dying from his neglectful care.
