

## Forms

- To shorten your wait time at your visit, print and complete the forms below and bring them with you:
  - <u>Medical history</u>: This is a basic review of your health, including medical conditions and medications. Be as complete as possible.
  - <u>Registration Form</u>: This form asks for basic information about you, your contact information, and your insurance.
  - <u>Notice of Privacy Practices</u>: This notice describes how health information about you may be used and disclosed and how you can get access to this information.
  - <u>TCS</u>: This is our service agreement form.
  - Pre-visit checklist: Review this checklist for important things to bring to your visit.
  - <u>After Care Instructions Surgical Termination</u>: This is a copy of the instructions your doctor or the nurse will give you after your appointment.
  - <u>After Care Instructions Medication Termination</u>: This is a copy of the instructions your doctor or the nurse will give you after your appointment.
  - Request for Personal Representative Use this form to designate one or more persons as your personal representative(s) who can act on your behalf with respect to decisions involving the use and/or disclosure of your health information.
