Legacy (Non-NPI) Identifiers

For crosswalk purposes, the following (non-NPI) identifiers are available for this provider:					
#	Provider Identifier	Identifier Type	Identifier State	Issuer	

Legacy & Proprietary Identifiers Ever Reported To NPPES

Collection of legacy and proprietary (non NPI) identifiers ever reported for this provider:

#	Provider Identifier	Identifier Type	Identifier State	Issuer
---	---------------------	-----------------	------------------	--------

Reference NPI Information. Full replica of the CMS (NPPES) NPI record

Field Name	Value
NPI	1871680868
	10-position all-numeric identification number assigned by the NPS to uniquely identify a health care provider.

Field Name	Value
Entity Type	Individual
	 Code describing the type of health care provider that is being assigned an NPI. Codes are: 1 = (Person): individual human being who furnishes health care; 2 = (Non-person): entity other than an individual human being that furnishes health care (for example, hospital, SNF, hospital subunit, pharmacy, or HMO).
Is Sole	N
Proprietor	 Indicate whether provider is a sole proprietor. A sole proprietor is the sole (the only) owner of a business that is not incorporated; that unincorporated business is a sole proprietorship. In a sole proprietorship, the sole proprietor owns all of the assets of the business and is solely liable for all of the debts of the business. There is no difference between a sole proprietorship and a sole proprietor; they are legally a single entity: an individual. In terms of NPI assignment, a sole proprietor is an Entity type 1 (Individual) and is eligible for only one NPI (the sole proprietorship business is not eligible for its own NPI). As an individual, a sole proprietorship cannot be a subpart and cannot have subparts. (See NPI Final Rule for information about subparts.) A sole proprietorship may or may not have employees. Often, the IRS assigns an EIN to a sole proprietorship in order to protect the sole proprietor's SSN from disclosure in claims or on W-2s. NPPES does not capture a sole proprietorship's EIN. Many types of health care providers could be sole proprietorships (for example, group practices, pharmacies, home health agencies).
Provider Last Name (Legal	BAMBERGER
Name)	The last name of the provider (if an individual). If the provider is an individual, this is the legal name. This name must match the name on file with the Social Security Administration (SSA). In addition, the date of birth must match that on file with SSA. (First and last names are required for initial applications.) The First, Middle, Last and Credential(s) fields allow the following special characters: ampersand, apostrophe, colon, comma, forward slash, hyphen, left and right parentheses, period, pound sign, quotation mark, and semi-colon. A field cannot contain all special characters.
Provider First Name	DEBBIE
	The first name of the provider, if the provider is an individual.
Provider Middle Name	ELLEN
	The middle name of the provider, if the provider is an individual.
Provider Name Prefix Text	MS.
	The name prefix or salutation of the provider if the provider is an individual; for example, Mr., Mrs., or Corporal.
Provider Credential Text	RNC, MS, NP
	The abbreviations for professional degrees or credentials used or held by the provider, if the provider is an individual. Examples are MD, DDS, CSW, CNA, AA, NP, RNA, or PSY. These credential designations will not be verified by NPS.
Provider First Line Business	520 THE ALAMEDA
	The first line mailing address of the provider being identified. This data element may contain the same information as "Provider first line location address".
Provider Business	BERKELEY
Mailing Address City Name	The City name in the mailing address of the provider being identified. This data element may contain the same information as "Provider location address City name".
