## About

I am a generalist Ob-Gyn with 41 years of experience. I am one of the few Obstetricians remaining who can still perform forceps deliveries and manual rotation of the malpositioned baby, and External Cephalic Version, techniques which can reduce C Section rate.

I incorporate Ayurveda and Medical Acupuncture in my practice.

I am daily practitioner of Yoga and Meditation.

I am trained in Robotic Gyn Surgery.

I am currently pursuing a Double Masters in Health Policy and Health Economics, a program offered by the London School of Economics and University of Chicago. This is a two year program starting in November 2020.
