ACADEMIC GENERAL OB/GYN - 3 Junior Faculty Positions

The Division of General Ob/Gyn is seeking both new graduates and experienced physicians committed to an academic career in general obstetrics and gynecology to expand to additional clinical sites. Responsibilities include teaching medical students and residents, participation in the Obstetric Rapid Response Team, inpatient and outpatient obstetrics and gynecologic surgery. Candidates should be comfortable in providing a broad spectrum of ob/gyn care to medically complex patients.

VICE CHAIR FOR RESEARCH

Emory's Department of Gynecology and Obstetrics invites applications for the position of Vice Chair and Director of Research. The successful candidate will be a nationally recognized PhD an/or MD credentialed researcher with demonstrated achievement in independent and team-oriented science and significant contributions in mentorship and academic service. The Vice Chair for Research will provide leadership direction to expand the breadth and depth of the Department's research portfolio, identify scholarly and academic development opportunities for junior faculty and trainees, strengthen existing research partnerships, and foster an extended network of collaborations at local, national, and global levels. The Vice Chair for Research will have a vital role in contributing to the Department's vision of leading

treatment, education and discovery in women's healthcare by revolutionizing the patient clinical experience, accelerating translation of scientific research into proven clinical practice, and attracting the best students, residents, physicians, scientists, and staff. Atlanta is a vibrant and diverse city and headquarters for major research and public health entities including the American Cancer Society and the Centers for Disease Control and Prevention. Applicants should submit a letter of interest, current CV, and names and addresses of three references to the Vice Chair for Research Search Committee, Dept Gyn/Ob, Emory University SOM by emailing Dr. Ira R. Horowitz, Attn: [Tammy Loucks](#)

FAMILY PLANNING - 1 Junior Faculty Position

The Division of Family Planning is seeking a junior full-time board certified/board eligible ob/gyn who has completed a family planning fellowship to allow expansion of the Division's clinical sites. Clinical and academic responsibilities include supervision of medical students, ob/gyn residents and family planning fellows. Faculty members are expected to participate in clinical and/or translational research related to family planning or women's health services. The Division provides services at Emory University Hospital Midtown, Grady Hospital, Planned Parenthood and Feminist Women's Health Center.

GYNECOLOGIC ONCOLOGY - 1 Junior or Senior Faculty Position

The Division of Gynecologic Oncology is seeking a full-time board certified/board eligible gynecologic oncologist who has completed a gynecologic oncology fellowship to allow expansion of the Division's clinical sites. Clinical and academic responsibilities include supervision of medical students, ob/gyn residents and advanced pelvic surgery fellows. Faculty members are expected to participate in clinical and/or translational research as the Division is a member of the Winship Cancer Institute, Georgia's only NCI designated Cancer Center.

MATERNAL FETAL MEDICINE - 1 Junior Faculty Position

The Division of Maternal Fetal Medicine is seeking a junior full-time board certified/board eligible maternal fetal medicine specialist to join the Emory Regional Perinatal Center clinical activities at both Grady Memorial Hospital and Emory University Hospital Midtown. Responsibilities include inpatient and outpatient high risk obstetrical management, ultrasound and ultrasound-guided procedures, research and teaching of medical students, ob/gyn residents and MFM fellows.

MATERNAL FETAL MEDICINE - 1 Senior Faculty Position

The Department is seeking a board certified experienced academic maternal fetal medicine specialist to assume a leadership role as the division director or the fellowship director of maternal fetal medicine. In addition to the leadership role, responsibilities include providing clinical care for high risk obstetrical patients in the inpatient and outpatient setting responsibilities will include performing and directing clinical and/or translational research in the area of maternal fetal medicine.

ADOLESCENT REPRODUCTIVE HEALTH-1 Research Associate Position

The Jane Fonda Center (JFC) for Adolescent Reproductive Health is seeking an energetic qualified candidate to join the team as a Research Associate. This faculty equivalent position involves collaboration on all current center projects that focus on teen pregnancy prevention, dual protection, healthy relationships and sexuality education as well as participating in the cultivation of new projects. In addition, the Research Associate will partner with the Center Director to provide guidance and oversight for students, trainees, and staff of the Center and contribute to the goal of coalescing distinct projects under the central mission of the JFC. This is a grant-funded position and is reliant upon the future availability of grant funds. Applicants who have earned a doctoral degree (PhD, MD, EdD) are invited to submit a letter of inquiry, current CV, and references to [Tammy Loucks](#).
