Dr. Naliboff was very attentive and down to Earth. She answered my questions and made me feel very comfortable as did her staff which includes the front desk and assistants. I was very happy that I chose her.

They "FORGOT" to tell me about the results of an important test which led to a procedure at that clinic. Dr Naliboff is the most incompassionate Doctor that I have ever visited. She never explained to me about the complications of my condition even I asked her several times, I had to Make Her Talk! And once she asked me if "I am recording our conversation"!!!! :([read more](#)

The first time I was supposed to have an annual exam with another doctor, the office I went to gave me a horrible experience that I ended up leaving before the appointment. I found Lauren on here as she is right by my job and got great reviews. My appointment was at 3pm but I got there around 2:30pm and was taken immediately. She gave me a great experience and great information on birth control. Will definitely be coming back! [read more](#)

Great office staff, friendly. Had a later appointment but they called me to see if I would want earlier to ensure I would see the doctor which as a new patient I appreciated. Very efficient, Lauren was very friendly and made me feel comfortable for my annual exam. [read more](#)

I arrived 40 minutes before my appointment and the receptionists were extremely friendly and accommodating. They were able to get me in 10 minutes earlier. Lauren was fabulous. Very direct and to the point, while also having the patience to talk through questions very thoroughly. I searched on ZocDoc for hours trying to find a gynecologist because this is the doctor you especially want to feel comfortable with. You will always see bad reviews, and hear about long waits. My experience with Lauren was great and I'm glad I ignored anything that said otherwise. [read more](#)
