Estimated Wait Time

Wait times are an estimate and reflect the average time from arrival to being in an exam room.

Wait times can change quickly based on the number of patients and the severity of their care needs. This means if someone comes in after you with a more serious problem, they may be seen before you.

Allina Health Everyday Clinic

This is a retail clinic location. We offer basic services for minor injuries and illnesses for patients 18 months and older. We do not see visits for workers' or injury compensation.

From the list below, please select the condition that best describes what you would like to be seen for. If you do not see what you are looking for, please visit an Urgent Care location or schedule a visit with your primary care provider.

Everyday On Wheels

Everyday On Wheels mobile clinic is not wheel chair accessible due to the size of the vehicle. Patients should be able to safely climb a short set of stairs to enter the mobile clinic.

Please arrive 10 minutes prior to your scheduled appointment time and have your mobile phone available for the provider to contact you when they are ready to see you.

All non-essential/non-urgent clinic visits are suspended until further notice. Use online scheduling only for essential or urgent visits.

If you have symptoms of coronavirus (fever, cough, shortness of breath or other flu-like symptoms), do not use online scheduling. Please isolate yourself at home and complete our free, 24/7 [online coronavirus screening interview](#). We will provide you with next steps based on your symptoms.

Have you been to an Allina Health clinic or hospital before?
