

Pendergraft (from page 4)

we are seeing, and what is happening.

We praise God for what HE is doing, and for the faithfulness of HIS saints for never giving up praying, and being there for the appointed times of death!

This is such an encouragement to never, ever give up, and to trust completely in the Lord, knowing that HE hears our cries, and that these little ones who have

been slain are dear to HIS heart!

May we remain steadfast, never wavering, continuing to remain fighting this battle for the lives of the unborn, being their mouthpiece, and bravely exposing this darkness!

Please join us in prayer that each one of these buildings up for sale would be sold into Godly hands (as the Ocala mill was) and used for HIS glory! And please cry out with us that OWC will shut down

for good, and that no more little baby boys and girls would lose their lives. Finally, pray that Pendergraft would repent and surrender his heart to the Savior Christ Jesus!

"Therefore, my beloved brethren, be ye steadfast, unmoveable, always abounding in the work of the Lord, forasmuch as ye know that your labour is not in vain in the Lord." — 1 Corinthians 15:58

Jessika Ralph

Jessika Ralph, MD, 33, is the medical director of Whole Woman's abortion mill in Bloomington, Minn. (formerly located in Minneapolis). She is also an assistant professor in the Department of Obstetrics, Gynecology and Women's Health at M Health Fairview. Ralph completed the "Family Planning Fellowship" abortion-training program at Northwestern University School of Medicine in Chicago.

On February 27, Ralph testified in the Minnesota House Judiciary Committee in favor of a bill that would have restricted sidewalk counseling. (It never went any further in this legislative session.)

Then (according to a March 11, 2020 article in *The Minnesota Sun*), when Minneapolis Mayor Jacob Frey named March 10 as "Abortion Providers Appreciation Day," Ralph said, "When our elected officials recognize the work we do as providers to deliver abortion care, our communities are healthier and safer. We are so grateful to Mayor Frey for recognizing Whole Woman's Health, and for all the work his administration has done to support reproductive health care access in Minneapolis."

Please pray that Ralph would stop killing unborn children, repent, turn her life over to Christ, and spend the rest of her medical career *saving* lives.

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a

twofold purpose: to ask for your heartfelt prayers for the conversion of those listed and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly involved in committing abortions and that this has been reasonably verified. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

Is Your Doctor Involved in Abortions?

Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the "patch"), Depo-Provera (the "shot"), Nuva-Ring, the "morning-after pill," implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, see www.onemoresoul.com/nfp-directory. In Minnesota, you may also call our office at (651) 771-1500.
