# Participating Provider Directory

---

## Using our Directory

Welcome to Child Health Plus! Our directory makes it easier for you to learn more about Child Health Plus participating doctors. We even help you with choosing a doctor if you don't already have one. This directory lists providers who are located in the region that you live.

Many of the health care providers in our network join quality programs. The organization does not use quality measures, member experience measures, or cost related measures to select any of our practitioners or hospitals for participation in the network, this includes those treating our Marketplace members.

If you would like more information regarding our providers or hospitals, including group affiliations, or a complete list of all providers in our service area, please call Member Services at 1-800-650-4359 or TTY at 1-800-662-1220 or visit our online directory at [www.premierhealthplan.com](http://www.premierhealthplan.com).

## Your Primary Care Physician (PCP)

You must have a Primary Care Physician (PCP), your doctor, who will take care of you and make sure you get the medical care you need. Members get to choose their own PCP from the list of participating providers in this directory. If you are choosing a new doctor, call and make sure the doctor is taking new patients. Making this call will make sure you can have the doctor you want.

For easy use, the Primary Care section of this directory has been divided by county. Physicians are listed in the county that their office is located in.

## Provider Reimbursement Methodologies

### Hospitals

Hospitals are reimbursed based on a discounted negotiated rate, which is determined by each individual hospital and Premier Health Plan.

### Primary Care and Specialty Care Physicians

Physicians are reimbursed based on a negotiated fee schedule. Under this fee schedule, each procedure or type of visit has a predetermined fee attached to it.

Your PCP will consider cost, quality of care, and your individual medical situation when making decisions regarding health care services provided to you.

### Ancillary Providers

Ancillary providers, such as laboratories and durable medical equipment suppliers, are reimbursed based on a negotiated fee schedule.

## Specialist Providers

You can get most of your health care needs from your Primary Care Physician. When you need to see a Specialist for medical treatment, you need to contact your PCP for a referral to one of the participating Specialists. Please call the specialist's office to see if he or she is accepting new patients.
