For the Parents

Contact the Mohel

Before ever performing a Bris Milah, during the years I was only performing medical circumcisions, I always felt that this would be such a natural way for me to connect with the Jewish community. Since learning the traditions of a Jewish boy's first rite of passage, it has been a great honor for me to take part in Bris Milah. To come to your home and share in this joyful occasion is extremely meaningful. It is my goal to make each Bris Milah a memorable event filled with the happiness of Jewish tradition and as stress-free as possible for you.

Shalom,

Assaf Yosha, MD, Certified Mohel

Born: Tel-Aviv, Israel
