OBGYN, Breastfeeding, Gynecology, Maternity (Obsterics)

Special Interests

Breastfeeding, Women's Health

Approach to Patient Care

The patient-physician relationship is an important foundation for excellent medical care. It is important to me that my relationship with my patients is one of mutual respect, honesty, openness, and understanding of her experiences and goals. Cultivating this relationship will allow a partnership to provide individualized and evidence-based care for optimal patient satisfaction.

Professional Background

Medical School

University of Toledo, College of Medicine
M.D.

Residency

Thomas Jefferson University Hospital
Obstetrics and Gynecology

Personal Information

I am very passionate about issues that affect women's health. I hope to be a strong advocate for policies that support and improve the overall health of women - both domestically and internationally.
