Here are the attachments. The NPDB report, copy of drivers license and the DOC form.

Narrative for question 28:

I have been named in a malpractice suit for a case of shoulder dystocia that is pending outcome. I have not yet been deposed for the case, and I have met with the Detroit Medical Center hospital lawyers, who have told me that I will likely be dropped from the suit as I was a first year resident at the time of the incident and I did not actively participate in the delivery.
