UNIVERSITY OF WISCONSIN SCHOOL OF MEDICINE & PUBLIC HEALTH

Degree Awarded: YES

Degree Year: 2000

Current and/or historical post graduate medical training programs accredited by the Accreditation Council for Graduate Medical Education (ACGME)

Beginning with the 2010 cycle of the National GME Census, post-graduate training segments will include the name of the program attended in addition to the sponsoring institution. Program-level information prior to 2010 will not be available for reporting. Future training dates, as reported by the program, should be interpreted as "in progress" or "current" with the projected date of completion.

Beginning with the 2016/2017 cycle of the National GME Census post-graduate training segments will include a training type of specialty (residency) or subspecialty (fellowship). Training types for programs reported prior to 2016 will not include this designation.

Post-graduate training performed at accredited osteopathic institutions or in Canada are updated on the AMA Physician Masterfile only upon verification by the program. US licensing authorities accept graduate medical education from both entities as equivalent to training performed in a US program accredited by ACGME.

If a segment below is indicated as "being re-verified", it typically means that the physician is a current resident and the AMA is confirming with the residency program that the physician is still enrolled - this standard process occurs on an annual basis.

ECFMG Certification

Applicant Number:

The Educational Commission for Foreign Medical Graduates (ECFMG) applicant identification number does not imply current ECFMG certification status. To verify ECFMG status, contact the ECFMG Certification Verification Service online at <https://cvsonline2.ecfm.org/>

Profile Information

The content of the AMA Physician Profile is intended to assist with credentialing. An organization's appropriate use of the data contained in the AMA Physician Masterfile meets selected primary source verification requirements of the Joint Commission, the Accreditation Association for Ambulatory Health Care (AAAHC) and the American Accreditation Health Care Commission (AAHCC)/Utilization Review Accreditation Commission (URAC). The AMA Physician Masterfile is also an NCQA-approved source for verification of medical school, post-graduate medical training, ABMS Board Certification and federal DEA registration.

If any of the data in this Profile is believed to be incorrect, please log in to your account on our profiles website, go to the profile manager tab, find the provider for whom you think we have inaccurate information and click on the "Report" button in the "Report a Discrepancy" column. Enter any of the information that you feel needs to be researched. The AMA will contact the primary source of the data to determine which data is correct. We will notify you of the outcome of our research. If any changes are made to the profile we will update the link in profile manager for this provider so that you can access the new, updated information.

If you have any questions or need additional information about the AMA Physician Profile Service, please call (800) 665-2882.

**HOSPITAL SERVICES CORPORATION
CREDENTIALS VERIFICATION SERVICE
STANDARD AUTHORIZATION, ATTESTATION AND RELEASE**

Authority to Release: I consent to complete disclosure by the recipient of this release to Hospital Services Corporation's Credentials Verification Service ("HSC") of all relevant information pertaining to my professional qualifications, moral character, physical and mental health (hereinafter "qualifications") on behalf of those organizations and their authorized representatives (hereafter "Health Care Entity") to which I have applied as a health care provider and which have designated HSC as their agent. I authorize the recipient to make available and/or disclose to HSC all such information in its files from any university, professional school, licensing authority, accreditation board, hospital, physician, dentist, professional society, insurance carrier, law enforcement agency, military service, or any other person or entity deemed necessary or appropriate in the investigation and processing of my application.

I request and authorize the recipient to release the requested information and I expressly waive any claim of privilege or privacy with respect to the released information bearing on my admission to, retention or termination of medical staff appointment or clinical privileges. I release and discharge HSC, the Health Care Entity and the medical, dental, podiatry and ancillary staffs or panels, credentials committees, administrators, review and approval boards or committees, governing boards, whether or not designated by these titles, and their agents, servants or employees authorized by representatives and all other persons or entities supplying information to them from liability or claims of any kind or character in any way arising out of inquiries concerning me or disclosures made in good faith in connection with my application for appointment to the Health Care Entity's Medical Staff or Provider Panel.

This authorization is limited to the acquisition and disclosure of information required by state or federal law, and information which is acquired or disclosed pursuant to activities protected by the state's Review Organizational Immunity Act and the Health Care Quality Improvement Act of 1986.

Attestation: I certify that the information I have provided and the statements I have made on this application are correct, true, and complete to the best of my knowledge. I will abide by the applicable bylaws, rules and regulations, and policies and procedures of the designated health care entity. I acknowledge that I have received and reviewed a copy of the bylaws, if applicable, of the designated health care entity. I further agree that, in the event there should arise an adverse ruling with respect to my status and/or clinical privileges, I will exhaust the administrative remedies afforded by the entity's bylaws before resorting to litigation.

Signature stamps and date stamps are not acceptable.
