Re: Change in shareholder equity

Dear Supervisor:

Please be advised that there has been a change in shareholder equity at the Hope Clinic for Women, Ltd.. The Executive Director of the Hope Clinic for Women was notified on February 24, 2021 that secondary to the death of the sole shareholder of the corporation, Dr. Hector Zevallos, all of the shares will be held in the Revocable Trust of Hector Zevallos with named trustee, Lisa Balbona. Lisa Balbona has been intimately involved in all aspects of the corporation operations for 4 years and on the board of the corporation during this time. There are no board or director changes. There is still currently a physician, myself, Erin King, licensed in Illinois and actively engaged in the practice of medicine on the Board of Directors. There will be no changes to ambulatory surgical center business or medical operations.

Sincerely,

A black rectangular box redacting the signature of Erin King, MD.

Erin King, MD  
Executive Director
