

Ambulances Seen at Local Abortion Mills

No woman expects to end up in the hospital when she enters an abortion mill but pro-lifers observed this happening twice recently in the Twin Cities.

On October 7, Whole Woman's in Bloomington, Minn. called for an ambulance for a 19-year-old surgical abortion client. According to the 911 transcript, there were two abortionists on duty (Joseph Nelson was one of them) and the woman was picked up by an ambulance from Allina Emergency Medical Services (the publicly-available transcript stopped when 911 turned the call over to Allina).

Then on January 10, an ambulance was

called for a 23-year-old woman at PP in St. Paul (see photo). She was taken to the U of M due to complications from a "procedure". We pray that these women would heal spiritually and physically, and we grieve that their babies were killed.

On a related note, Michele Herzog saw an ambulance October 10 at the Orlando PP. Operation Rescue later learned that PP had sent a woman to the emergency room with a possible rupture due to ectopic pregnancy. It is unknown if this woman was seeking an abortion, yet the abortion industry, including PP, is mailing out abortion pills to women without first determining if the woman has an ectopic pregnancy.

Pray for . . .

Dr. Cori Baill

Please pray for Dr. Cori Baill, as she has been an avid proponent of abortion, along with being an advisor, laboratory director, and Florida State House physician liaison for Planned Parenthood of Southwest and Central Florida.

Baill has written many editorials and opinion pieces on different arenas of the abortion battles here in Florida, and the nation.

Please pray that she will repent of being involved with the shedding of innocent blood of the youngest in our nation, and humble herself and bend her knees to the King of Kings and Lord of Lords, Jesus Christ.

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for their conversion and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly involved in committing abortions and that this has been reasonably verified.

We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

Is Your Doctor Involved in Abortions?

Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the "patch"), Depo-Provera (the "shot"), Nuva-Ring, the "morning-after pill," implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, see www.onemoresoul.com/nfp-directory.
