Dear Dr. Fox:

Congratulations! In accordance with section 456.47(4), Florida Statutes, you have met the requirements to become an out-of-state telehealth provider for the state of Florida. This letter serves as your proof of registration. Your Florida telehealth provider registration number is **TPME3795**.

The department is required to maintain a list of registrants at http://www.flhealthsource.gov/telehealth. To stay compliant as a registered out-of-state telehealth provider, you must adhere to section 456.47, Florida Statutes, which includes the following:

- The out-of-state license you have registered must remain active and unencumbered.
- You must maintain liability coverage or financial responsibility for telehealth services provided to patients in Florida in an amount equal to or greater than Florida health care practitioner requirements
- If you have a website, a hyperlink to the department's website, https://fihealthsource.gov/telehealth/, must be displayed.
- You cannot open an office in Florida or provide in-person health care services to patients in Florida.
- You must notify the department of restrictions placed on any health care license you hold in any state or jurisdiction within five business days after the restriction is placed.
- You must notify the department of any disciplinary action taken or pending against any health care license you hold in any state or jurisdiction within five business days after the disciplinary action is initiated or placed.

The out-of-state telehealth provider registration does not expire or require renewal, though out-of-state telehealth providers must comply with all registration requirements until they submit a written request to nullify their registration.

For more information on telehealth, please visit the department's website at the link provided above. If you have any questions, you may contact the telehealth team at MQA. Telehealth@flhealth.gov.
