Nurse Practitioners must renew their annual approval to practice by the last day of their birth month. No grace period. Nurse Practitioners are governed jointly by the North Carolina Board of Nursing and the North Carolina Medical Board.

Important notes:

- Multi State: Authority to practice as a licensed nurse in a remote state under the current license provided both states are party to the Nurse Licensure Compact and the privilege is not otherwise restricted.
- Single State: Authority to practice as a licensed nurse only in the state of North Carolina and the privilege is not otherwise restricted.
- The North Carolina Board of Nursing certifies that it maintains the information for the license verification function of this website and considers it to be a secure, primary source for license verification.
